# TABAN 942

A collection of various styles of sandals and shoes, including T-strap sandals, mules, and loafers in multiple colors like brown, black, white, blue, red, and green. The shoes are arranged in a collage-like fashion against a white background. Some have thick, textured soles, while others have more traditional flat or low-profile soles. The designs range from simple T-strap sandals to more complex mules and loafers with decorative perforations.
